INITIAL ADVICE - SETTING UP YOUR SUCCESS

*Building a house starts with a blueprint and laying solid foundations.
It's no different when it comes to managing your money.*

GET TO KNOW YOU

We need to get to know you. The more we know (the big picture stuff and the nitty gritty details), the more valuable our advice will be.

STRATEGISE AND CRUNCH YOUR NUMBERS

Once we have all your information, we'll get technical and analyse it, conduct financial modeling and forecasting, crunch your numbers, develop strategies and overall... determine the best solution for you.

DOCUMENT THE RESULTS

All the recommendations are documented in your comprehensive plan (called a Statement of Advice) which details all our advice benefits, actions, risks, fees and expectations. It includes everything you need to know to move forward.

UNDERSTAND THE ADVICE

We present all the advice so you fully understand what's involved and importantly how it will help. If something is not clear, speak up so we can further explain until it makes sense.

ADDITIONAL EXPERTISE

If you need advice from other experts, we'll bring the right ones into the mix at the right time and co-ordinate it so we are all on the same page. We've got relationships with trustworthy professionals who'll also have your back.

MAKE IT HAPPEN

Don't have time or patience for completing and following tedious administration and paperwork? Leave it to us. We'll manage it on your behalf, follow it through to completion and make sure all boxes are ticked so it gets processed sooner. And we can skip the que with our VIP relationships.

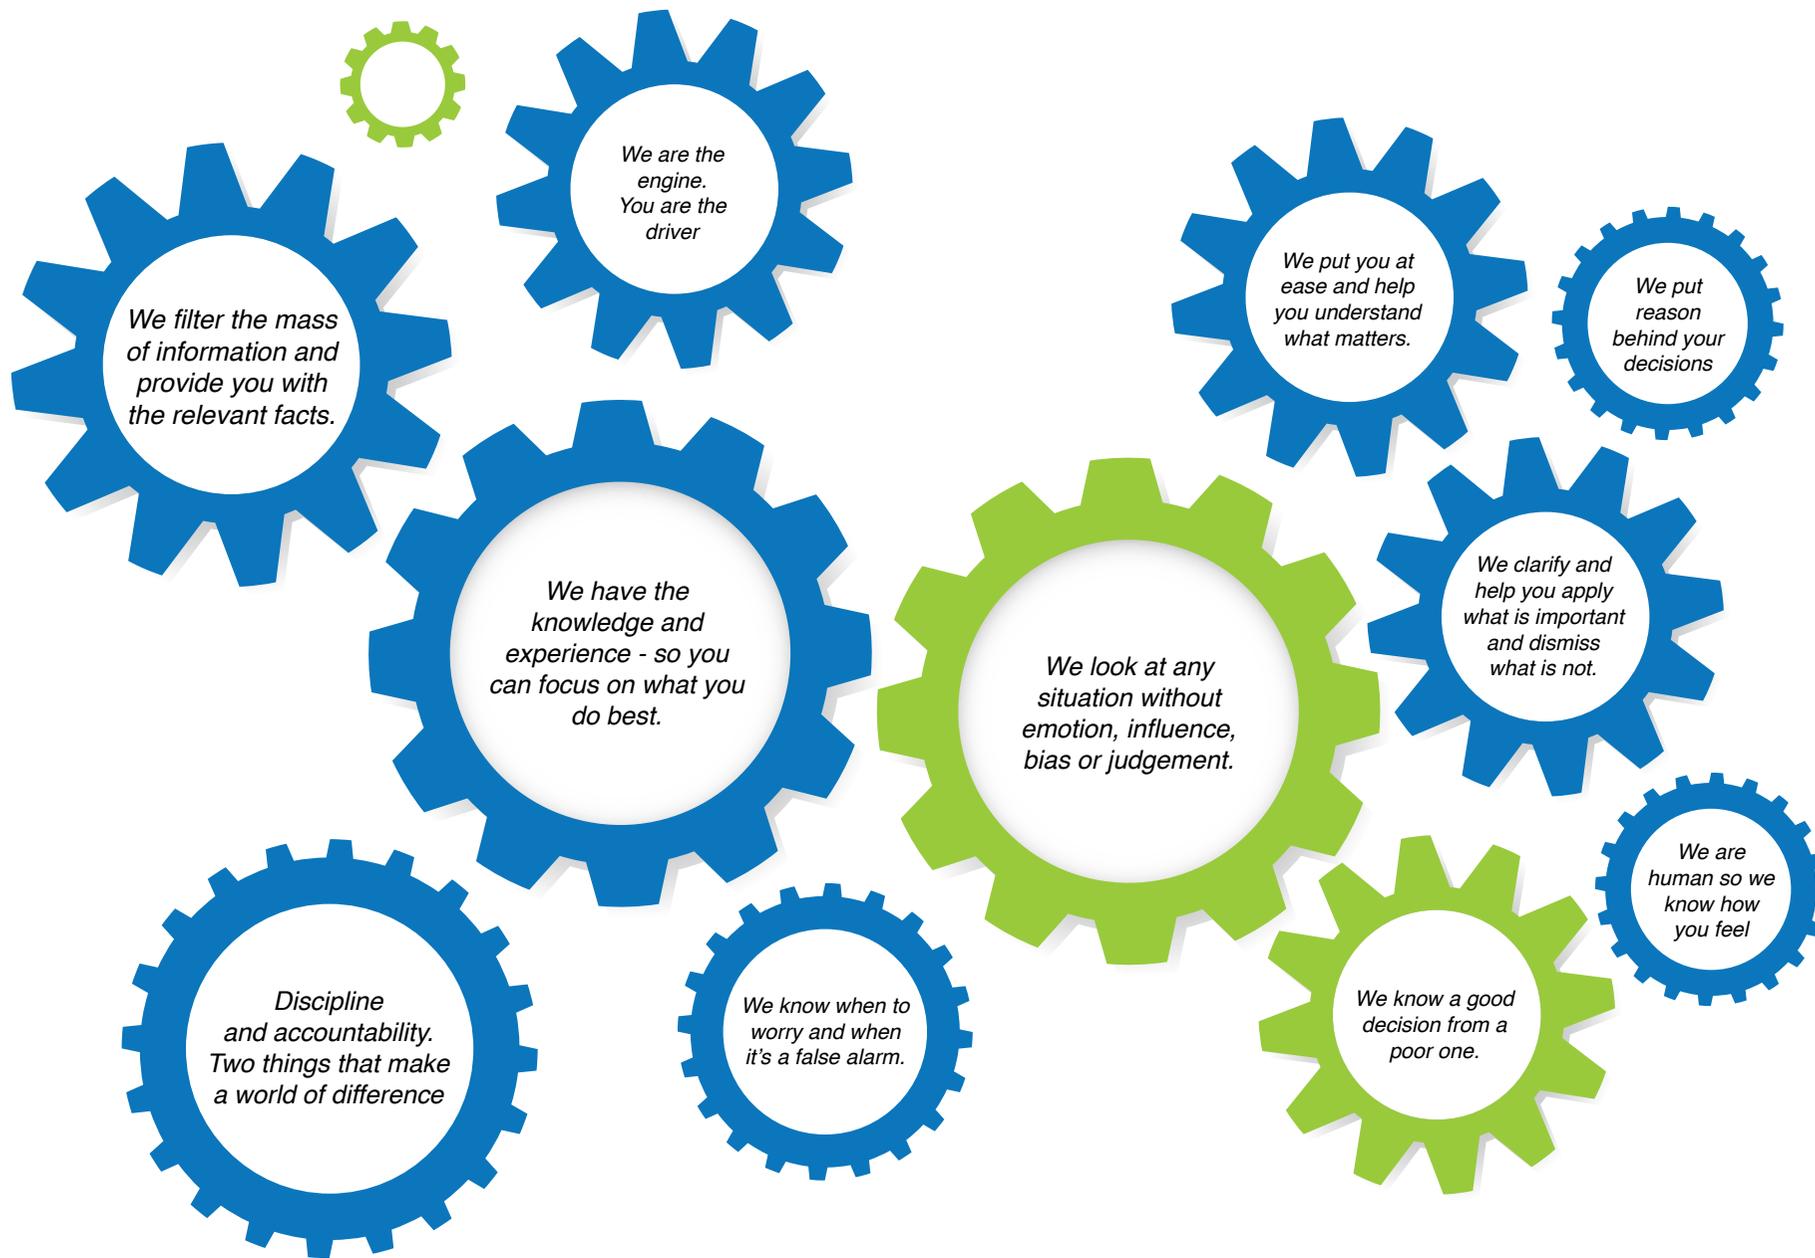

A RELATIONSHIP, NOT A TRANSACTION

We're in this for the long haul. Helping you make financial decisions to live your best life is our calling. We're not going anywhere so be prepared for a 'happily ever after'.

OVERALL, WE'RE HERE TO HELP

So you feel confident about the decisions you make with your money - decisions that can measurably impact every part of your life.

Just like getting fit, you can't go to the gym once and expect to be fit for life...

The real value is created by frequently revisiting your plan and making necessary changes as your life plays out.
